Subject: Invitation to Join as Overseas Innovation Mentor and Advisor to Science and Technology Park

Dear Dr. Vadim,

You have been associated with Science and Technology Park for nearly 25 years. Your vision, commitment, and passion for innovation and entrepreneurship have been truly inspiring.

I fondly recall the days when, with your valuable support during your association with UN-APCTT, we published the *Indian Universities Technology Database*. Since then, we have continued to share a close and meaningful professional association. I also cherish the opportunity of being associated with you as a founding member of the Innompic Games, a pioneering initiative that introduced a revolutionary approach to promoting innovation through role-play.

In recognition of your rich experience, outstanding contributions, and continued commitment to advancing innovation and entrepreneurship, I am delighted to invite you to join our **Centre for Excellence in Innovation and Technology Management as an esteemed "Overseas Innovation Mentor and Advisor" to Science and Technology Park.**

This Centre was launched in July 2026 as part of the celebrations marking the 40th anniversary of the foundation of Science and Technology Park. We envision it as a platform for nurturing innovative thinking, strengthening innovation ecosystems, and promoting entrepreneurship through knowledge sharing and global collaboration.

I am confident that your association with the Centre will add immense value to its vision and activities. Your guidance, insights, and international perspective will be invaluable in shaping its future initiatives and taking its mission forward.

I sincerely hope you will accept this invitation and grace us with your continued association, guidance, and advice.

Looking forward to your positive response.

With warm regards,

Rajendra Jagdale
